DETAILED ACTION

Allowable Subject Matter

1. Claims 1,3-12,14 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The above claims are allowable because the prior art of record fails to disclose or suggest, in combination with the other claim limitations; a lightning arrester device, which includes a plurality of gas-type spark gaps, connected in parallel, with each spark gap having a surge current rating below a desired surge current rating for the device; and a ceramic tube construction with hermetically sealed ends and containing a rare gas that is substantially free of Hydrogen.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Response to Arguments

3. Applicant's arguments, see Amendment, filed 3/02/2005, with respect to the above claims have been fully considered and are persuasive. The rejection of these has been withdrawn.
